While it may sometimes be useful to divide science fiction between hard and soft, it is merely a paradigm, to be adopted when useful and discarded when not. Because everything you could ever hope to find in space opera is here in this one novel: massive, thrilling, stunning.

RendezvouswithRamastartswiththepredictableofpremises.Holdingon A rescue mission, composed not entirely of humans, must rescue the children-and a secret that may save the rest of interstellar civilization. Only it's all played out against a vast backcloth of galactic warfare and huge faster-than-light ships and exploding Orbitals. Brin's second novel in the Uplift Saga is set in a future universe where no species can become sentient without being "uplifted" by a patron race. Comments9.He will be sadly missed.
