This was outrageous to Kierkegaard because this presupposed that an infinite God and his infinite wisdom could be grasped by finite human understanding. Alexandria in particular saw the development of profound intellectual and philosophical development, where most if not all of the most influential

ancient philosophers and theologians lived and studied to a large extent between the second century BCE and the second century CE. He was, as already noted, a long time resident and, eventually, Bishop in Northern Africa whose thought was transformed and redirected during the four brief years he spent in Rome and Milan, far away from Platonic Influence on Early Christianity (Theological Threads Book 8) provincial context where he was born and died and spent almost all of the years in between; he was a man who tells us that he never thought of himself as not being in some sense a Christian [Confessions III.

Stoicism is called out specifically by Plutarch, again one of the greatest John Peckham and Henry of Ghent. How he entered into it is just as inexplicable as how he remains in it. The Bible says nothing about Original Sin.

Otherwise God would be the Creator of sin. This expression is by no means identical with the one preceding; it is, however, very suggestive. De Libero Arbitrio I.
