The emergence of Real Simple Syndication, or RSS feeds, and email alerting systems provided users with alternative services. This intervention encourages the reader to view the author as a potentially fallible individual who can be questioned about the writing content.

Children in households with greater socioeconomic resources and more household income are more likely to be read to. The enemy of all righteousness has so corrupted the educational system of the world that the Lord has instructed us that our boys and girls should be gathered into our own schools where they may be taught the great truths of the Bible and may recognize God's leading hand in all His great creation. Some challenges can be readily solved with available methods and technologies, but other challenges are far from being handled and will require some radically different approaches to a solution.
