Whether you choose to live with someone who you already know or with someone new, being direct, open and considerate can help build a successful relationship with your roommate. Seek Out Mentors and Ask Questions Make it an early goal to find someone who is doing what you want to do and work for. Confidence is based on accomplishments, so work hard, do well in school, immerse yourself in things that interest you and become skilled at .

But now's the time to voice your opinion respectfully and to do what you care about. No Decision is Permanent This will start to sink in the older you get, but there is no permanent decision. Most college dorms pair you up with a random roommate or two, and the Hollywood perception is that you guys will end up best friends and spend the rest of your amazing college adventures. Baby girl, a lot of them are looking at you as fresh meat. When the time actually comes, you start to realize that maybe you aren't as real as you think you are. Not saying that you need to be the teacher's pet, but getting to know your professors and having them know you is something that can benefit you in college and the future. I promise, you're gonna get really sick at least .
