Based on a Japanese novel of the same name this franchise by Atlus had two entries on the Famicom, released only in Japan for Westerners they are little more than historical curiosities. Free items for all players! Unlike most other series within MegaTen which do not have much connections to each other, Digital Devil Saga 2 is a direct continuation of the first entry making starting with the first game paramount. ShinMegamiTensei:Thisrighthereistherealbeginningofourstory. Both games play more like your traditional Shin Megami Tensei games with a nameless protagonist going through the story in this case solving crimes. There's loot-box style system for the first time in the series, where you can obtain a random selection of demons, and this is the center of the game's

monetization efforts. For a long time, the Megami Tensei franchise was not exported to western territories despite there being a recognized market.
