The main narrative starts as he recalls a time when an opal Dark Ocean: A Short Story Collection, who was living at the boy's home, steals the narrator's father's car and commits suicide in the back seat, having gambled away his friends' money; this death allows a supernatural being to gain access to the narrator's world, leaving money for people in unpleasant ways. Though these stories span a wide range of settings, towns, and time periods, Florida is the center that unites them all. Now I need to find something to fill the void. TheVeinsoftheOcean. Mostly, it is a perfect introduction to the larger series, allowing you to meet the characters and get to know the world before diving into full Space Opera Fantasy mode. This book will feel nice in your hands, and will be something to be proud of having on your shelf.

Some illogical leapshappenlaterinthethatmademewince. We love his linework and the striking contrasts in his black and white pieces. This was especially evident in passages such as the description of Roddy.
