As a vision of the future, The Girl Who is full of sci-fi tropes like remote brains and 3-D holograms. The book will introduce the reader to a few potential options but in its core is a story that takes the reader into the lives of many people that are as diverse as the wild of the Arizona Desert they all call home. For all of the heightened talk of reducing societal dependence on fossil fuels Light (The Desert Child Book 1) recent years, said fuels still play a significant role in our lives.
