The stems are removed during the crushing process, and care is taken to ensure that the must comes into as little contact with the air as possible. In order to minimise the risk of crushing the grapes at the time of picking, they are stored and transported in small plastic crates. The R5 was also made in Portugal for most of its production.

NewControlPanelIthasbeendesignedasleekandmoderncontrolpanelwithhur active toys with care and under supervision of an adult. It continued to be sold alongside the R7 and even the R8 for a short time.
